VILLAGE OF ALBERTVILLE

BYLAW NO 8/2017

A BYLAW TO PROVIDE FOR SUMP PIT AND SURFACE DISCHARGE

The Council of the Village of Albertville, in the Province of Saskatchewan, enacts as follows:

1. This bylaw shall be known as the "Sump Pit and Surface Discharge Bylaw".

2. Application:
   This Bylaw shall apply to all structures including, but not limited to, residential dwellings and dwelling units with a subsurface drainage system within the Village of Albertville.

3. Definitions in this Bylaw:
   a] "Council" means the council of the Village of Albertville.
   b] "Owner" means a person who has any right, title, estate, or interest in land or improvements other than that of a mere occupant, tenant, or mortgagee.
   c] "Sump Pit and Surface Discharge System" means a system including sump, sump pump and related plumbing used to convey water collected by subsurface drainage to the surface.

4. Discharging to the surface:
   i. Water collected in a sump pit during summer shall be discharged to the surface (including weeping tile which must be drained to a sump pit).
   ii. Discharge shall not be directed onto a porous ground surface within 2 meters of any building.
   iii. Discharge shall be directed to a drain point on your property that will not causing flooding to others.
   iv. Discharge shall be directed to avoid excessive ponding or icing on public or private property.
   v. Water collected in a sump pit may not be discharged into the sanitary sewer service (including weeping tile which must be drained to the surface.

5. The administration and enforcement of this bylaw is hereby delegated to the Council.

6. This Bylaw shall come into force and take effect upon its passing.
